A Happy Welcome to Summer!

As we take a break during the summer months, the Thunder Bay Breast Cancer Support Group Steering Committee has been reflecting back on this year. We were fortunate to have the Medical Marijuana speaker, and the Survivor tea. As always the Christmas Party was a great success! As you know, this year the steering committee was down to 4 very hard working members who in addition to planning events and sustaining the group have full time jobs and are involved in a multitude of other activities. We are thankful to our newsletter editor who continued to support us including through challenges with some changes TBaytel implemented, and to the support group members who offered to help open and close or to bring goodies. This really is your group and we want to continue to see it flourish but we, the Steering committee can not do so without the continued support of our members. We completely understand that not everyone is in a place in their journey where they can give back, but to those who are we encourage you to consider a way that you can help make a difference. We would like to take this opportunity to wish everyone a good summer and we look forward to seeing you next year!
